President ASF

Dear Lock Industry Partner,

I want to thank you for considering our new sponsorship program. It is important that we all work together to grow the security locksmith profession. The way the program works is your company agrees to pay \$1,200.00 to fund a student for 1 full week of education. This can be done at our resident school, our national convention, or at a local conference where ALOA is conducting the education program. We hope that you will consider renewing this gift each year. 80% of the money goes directly to the student and the remainder is used for supplies and ALOA membership and other incidentals' that are needed to process the student's request.

Company Name: _____

Address: _____ City: _____ ZIP: _____

Phone: _____ Fax: _____ E-Mail: _____

Contact: _____ Signature: _____ Date: _____

I do want to be involved in picking the student ASF should pick the student

We will supply 5 collared shirts with the ASF logo and our logo for our students use

We would like to use the student in our booth for pictures or at another location and we will pay all travel and expenses relating to our request

We would like to help with the student travel up to this amount \$_____

We would like to help with the student's hotel and meals up to this amount \$_____

Contact me for other ways I can help the ASF in the future

We would like to make this an annual event

Thank you for your generous gift and by being a student benefactor you are helping build a strong professional locksmith industry. You have the right to use this student in an advertising campaign in the future. The ASF accepts discontinued product that we sell to raise monies for the scholarship program. All donations should be shipped to our address in Dallas Texas and marked ASF Donation.
