

The Stan Haney Award – 2009/Las Vegas

From its beginning in 1978 when Stan Haney started the ALOA Scholarship fund it has grown to over \$300,000 in assets, allowing education support to over 200 individuals receiving assistance at a cost of over \$160,000.

The Stan Haney Award is the ALOA Scholarship Foundation's deep appreciation to a company or individual that is a tireless supporter of the ALOA Scholarship Foundation and its mission

Since 2002 there have only been two recipients the Yale Group and IR Schlage.

Over the years there have been many companies and individuals that have been strong supporters of the ALOA scholarship foundation and we deeply appreciated your efforts. However few have been such strong supporters as our prior recipients and tonight's award winner.

Professional Business Products is this years winner of the Stan Haney Award

Would you please join me in welcoming Kristy Emerick owner and Denise Knurick sales manager from Professional Business Products.
